Remote and in-person care options

Accessing care outside of the U.S.

Getting care when you're outside the U.S. can feel a bit overwhelming. That's *why we're here.*

We understand how healthcare works in other countries. And we provide options that work within those systems—and with your lifestyle.

Want to get the care you need, when you need it? *No problem.*

With our telemedicine services, you can talk to a doctor any time—day or night. There's no limit to how often you can use it, and many doctors speak different languages. Just call or video chat for help with non-urgent health needs.

Prefer an in-person visit? *We've got you.*

You have access to the Bupa Global provider network outside the U.S. It's one of the largest Direct Pay networks in the world.*

Here's how to start accessing the care you need.

Finding a provider.

1. Go to the Member Portal on bcbsglobalsolutions.com or open the mobile app.
2. First select Provider Finder. Then select International Provider Search.
3. Once you select your provider, contact them directly using the information in their profile to schedule your appointment.

In the Provider Finder, you'll see a Preferred Provider designation. This means the provider accepts Direct Pay for medical services.

- You're free to see any doctor in-network or out-of-network without a reduction in benefits.
- But if you choose to see a doctor out-of-network, you'll need to request Direct Pay before your appointment. If Direct Pay cannot be arranged, you will need to pay the provider directly and submit a claim for reimbursement.

*You're required to pay any applicable copayments, coinsurance or deductibles at the time of service.

Requesting Direct Pay.

Bupa Global offers access to one of the largest Direct Pay networks outside the U.S. However, if you choose to receive care from a provider outside of their network, you can still request Direct Pay before for your visit. Direct Pay ensures you don't have to pay upfront and file a claim for reimbursement.* To request Direct Pay:

- Use the Member Portal or mobile app to find a provider and schedule your appointment.
- Complete the Direct Pay form found in the quick links bar on the homepage.
- Or call the number on the back of your ID card.

Please contact us **at least 48 hours before your appointment**. This gives us time to arrange Direct Pay with your provider.

Show your Bupa ID card!

Make sure you present your blue Bupa ID card (hard copy or digital version) when you receive medical care. For most covered care, we pay the doctor or facility directly. They'll confirm your benefits and arrange Direct Pay. For outpatient (office-based) care, Direct Pay is offered at the provider's choice.

Using telemedicine.

With our telemedicine services, you can access care at a time and place that works for you. It's this easy:

1. Download our telemedicine app (via the Apple® App Store® or Google Play™ store).
2. Schedule a remote visit with one of our multilingual doctors for anyone in your family.
3. Providers are available around the clock for same-day appointments to address your non-emergency needs.
4. Prescriptions may also be provided, as appropriate (subject to local regulations).

Telemedicine puts high-quality medical care in the palm of your hand. And it's **free!**

*Hospitals/facilities with the Preferred Provider designation in their profile have agreed to accept Direct Pay for inpatient services. At their discretion, they may accept Direct Pay for outpatient services. Physicians and other non-facility providers will accept Direct Pay in most instances for their services.

If you have a medical emergency

Accessing urgent and emergency care in the U.S.

If you have a medical emergency, don't wait. Go to the nearest physician or hospital right away and show your ID card.

Here's how to find a nearby doctor or facility:

- Go to the Member Portal on bcbsglobalsolutions.com or open our mobile app.
- Select Provider Finder, then select U.S. Provider Search.

If you have questions about your benefits or need help, *we're here for you.*
Contact us 24/7/365 using the number on the back of your ID card.

How do you know if it's a medical emergency?

A medical emergency is a medical condition with severe symptoms. If the symptoms aren't treated right away, they could cause:

Serious loss of normal body functions

Severe risk to a person's health
(for a pregnant woman, this could affect her health or her baby's health)

Major problems with how an organ or body part works

Medical emergencies can include:

Severe pain
Suspected heart attack
Fractures

Not a medical emergency:

Minor cuts
Scrapes
Mild cold or cough

If you have a medical emergency

Ways to help make sure your care is covered.

Receive your follow-up care outside the U.S.

If you or a dependent has a medical emergency in the U.S., you may need follow-up care or other medical services. Any follow-up care must be done outside of the U.S.

! This is the only way your follow-up care will be eligible for coverage.

List the dates of your U.S. trip on your claim

For a claim to be considered for emergency services provided at a U.S. facility, you must provide the trip dates. These dates are required as part of the claim process.

! Make sure you enter this information on the claim form, which you can find on the Member Portal.

Check first, rest easy.

Know what's covered
before you get care.

Prescription benefits

Easy access to your prescriptions all over the world.

As part of your coverage, you may have access to retail pharmacy and mail order prescription benefits. You can use these services outside the U.S. or inside the U.S. for emergency only.*

Just present your ID card at any participating pharmacy. You'll be charged according to your plan benefits. To locate a provider, use our Provider Finder on the Member Portal or in the mobile app.

Prescription benefits inside the U.S.

Visit any retail pharmacy to obtain your emergency medications. You'll have to pay upfront for the prescription. Then you'll submit a claim for reimbursement. Submit your claim directly to us through the Member Portal, mobile app or the mail.

Dental and vision services

Quality care, wherever you are.

Great news! Your plan provides worldwide coverage for both dental and vision services. Here's how to access the care you need.

Dental

For dental services in the U.S., we've teamed up with United Concordia Dental®. Their Advantage Plus network covers all 50 states. When seeking dental care outside of the U.S., you are free to see any dental provider you choose. This means you can find affordable, quality dental care no matter where you live, work or travel.

How to find an Advantage Plus network dentist in the U.S.

Log in to the Member Portal or mobile app

- Go to the Provider Finder page and select U.S. Dental Search.
- Click on Launch U.S. Dentist Search Website.

Note that you can choose to see an out-of-network dentist. But you'll likely pay more out of pocket.

Vision

We don't work with a specific network of vision care providers. That means you're free to see any vision care provider, worldwide, you choose. If you need help finding a provider, use our Provider Finder in the Member Portal or mobile app.

Billing for out-of-network dental care and all vision care services.

Check with your provider's office to see if they will bill us directly. If so, they should send the claim form and invoice to:

Blue Cross Blue Shield Global Solutions
Attn: Claims Department
P.O. Box 1748
Southeastern, PA 19399-1748, USA

Email: claims@bcbsglobalsolutions.com

Fax: +1 610 482 9623

If direct billing isn't an option, you can still see that provider. But you'll have to pay for services upfront at the provider's office. Then you'll submit a claim for reimbursement.

Don't forget!

Always present your ID card at the time of services for both dental and vision care.

Insurance glossary

What we mean when we say...

Certificate of Coverage: It explains the benefit plan that covers you and your dependents. For example, it may describe your medical, dental and vision coverage. It lists the rules for your benefits.

Claim: A request for payment from your healthcare provider or you for care you received.

Coinsurance: The percentage of your healthcare costs that isn't paid by the health insurance plan. In other words, it's the percentage of the cost you're responsible for.

Coinsurance Maximum: The most you have to pay for coinsurance during the policy year for covered expenses. Some limits may apply.

Copay or Copayment: The set amount of money you pay at the time of service.

Coverage Period: The length of time your policy covers you.

Deductible: The amount you have to pay for care before your insurance begins to pay.

Direct Pay: The provider submits an invoice for payment directly to BCBS Global Solutions. This means you don't have to pay upfront. But you may still have to pay the deductible, coinsurance or copays. The health insurance contract defines what you'll have to pay.

Explanation of Benefits (EOB): An EOB is not a bill. It's a summary of how your claims were processed and what you may owe. Your healthcare provider may bill you directly for the remainder of what you owe.

Guarantee Letter: A legal document from BCBS Global Solutions that promises we'll pay your provider. It shows the benefits that apply. The guarantee is based on your coverage at the time of service. It's also called a Guarantee of Payment (GOP).

Inpatient: When a facility keeps you overnight or for more than 24 hours.

Medical Evacuation: This applies if you get sick or hurt outside your home country. Your insurance will pay to take you to the nearest facility that can provide proper care.

Network: Doctors, hospitals and other providers that work with your health insurance company. They sign contracts agreeing to discounted rates and/or to directly bill the insurer for services received by insured members.

Out-of-Network Provider: A provider who doesn't work with your health insurance company. Higher coinsurance usually applies. You may end up paying more than if you used an in-network provider.

Out-of-Pocket Maximum: The most you'll have to pay in a policy period before your health plan pays all covered costs. Most policy periods are one year.

Outpatient: When you get care at a facility but leave the same day or stay 24 hours or less.

Performing Provider: The licensed person or group that provided medical services to you.

Premium: The amount paid each month for your health insurance coverage. This is in exchange for the health insurance company paying a portion of your healthcare costs.

Prescription (Rx): A prescription is an instruction from a healthcare provider that tells you what medicine or treatment to take, how much to take and how often and how long to take it.

Primary Care Physician (PCP): A doctor you see for your routine and preventive health needs. You would go to your PCP first when you're sick, need a check-up or have questions about your health. PCPs also provide ongoing care for many kinds of medical conditions. But they don't provide care for specialized conditions.
