¹ If the cost of the drug is less than the copays listed, you will pay the lesser amount. You can receive up to three months supply at the retail pharmacy, but you will pay three copays (one per month).				¹ If the cost of the drug is less than the copays listed, you will pay the lesser amount. *These options are only available to those members of the CPS Medicare program that were previously enrolled in these plans. All members in the CPS Medicare program are being migrated to the CPS Prescription Coverage Plan in 2025. If you are a member currently in one of these legacy plans and would like to continue in that plan even with the increased premium, you can call an Amwins Medicare Specialist at 877-517-1409 to assist you in making the change.
