

 The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. **NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary.** For more information about your coverage, or to get a copy of the complete terms of coverage, visit <https://ConcordiaPlans.Quantum-Health.com> or call 1-833-740-3260. For definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other underlined terms see the Glossary. Important Questions	Answers	Why This Matters:
What is the overall deductible?	\$600 individual/\$1,200 family network \$1,800 individual/\$3,600 family non-network (medical and mental health combined)	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan each family member must meet their own individual deductible (embedded) until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible?	Yes. Preventive care is not subject to deductible .	This plan covers some items and services even if you have not yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No	You do not have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	\$3,000 individual/\$6,000 family network \$9,000 individual/\$18,000 family non-network (medical, mental health and pharmacy combined)	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limit (embedded) until the overall family out-of-pocket limits has been met.
What is not included in the out-of-pocket limit?	DAW penalties (difference in cost between generic and brand if generic alternative is available), specialty drug copayment assistance programs, premiums , balance-billing (unless balance-billing is prohibited) charges, and health care this plan doesn't cover.	Even though you pay these expenses, they do not count toward the out-of-pocket limit .
Will you pay less if you use a network provider?	Yes. See https://ConcordiaPlans.Quantum-Health.com or call 1-833-740-3260 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.

Do you need a referral to see a specialist ?	No	You can see the specialist you choose without a referral.
